

SCHOOL DEVELOPMENT PLAN 2014-2017

A quick guide for Parents

During the next three years we are focusing on the following priorities:

1. Supporting your daughter to make exceptional progress and achieve as much as she can.
2. Making even more of the teaching at EGA outstanding.
3. Ensuring that your daughter can study a range of subjects which enable her to progress to higher education and employment.
4. Helping girls develop their leadership skills and to persevere even when things are difficult.
5. Recruiting and retaining excellent staff across the school.
6. Working with you, the community and other schools so that together we can make sure that our girls achieve the best.
